MKonferencja

CONFERENCE APPLICATION:

We have prepared a mobile application for participants. MKonferencja is a special tool that will allow you to access agenda and surveys, interact with all other participants or set up meetings in a simple, user-friendly way!

Your opinion about the conference is very important to us, so you will be able to evaluate individual speeches and all elements of the conference in the application.

Please download the application from App Store or Google Play using this code: 5812. All participants received an individual password by email – please check your mailbox.

CONFERENCE INFORMATION

HOW TO GET THERE:

The Enterprise Automation Forum Conference will take place in the hotel conference centre (the Opera Ballroom) on the 2nd floor (use the elevator on the right side of the lobby).

At the registration you should collect the ID that is your entry pass to the conference.

Registration of participants is open from 8.00 to 9.00

BASIC INFORMATION:

- The conference agenda is available at conference application and at <https://automationforum.pl/agenda>
- The conference will be held entirely in the English language.
- Attendee registration will take place from 8:00 to 9:00 am.
- During the registration, you will be required to collect your personal ID badge and the conference materials at the CONFERENCE RECEPTION in the foyer on the 2nd floor.
- The ID badge is your pass to attend the conference. The attendees shall display their badges during the the conference.
- Food and beverage: the organisers will provide you with hot and cold drinks, snacks and lunches throughout the conference.

WORKSHOPS:

The workshops will take place partly during parallel sessions and partly during roundtables session.

Should you wish to take part in them, please register by following this [link](#).

There is a limit of 20 seats per workshop only – so first come, first served principle applies.

PARALLEL SESSIONS:

Time for highly technological practical lectures in 3 streams:

The attendees could change the streams of most interest to them during the day.

ROUNDTABLES:

The parallel roundtable discussions allow direct exchange of opinions and experiences on specific issues of interest to a group of attendees. They also provide opportunities for face to face meetings and discussions with the roundtable hosts who have extensive know-how and experience. There were be 2 discussion rounds held – each 40 minutes long.
